DETAILED ACTION

In view of Amendments to the claims filed 11/14/2005to including all limitations present in claim 3 and 5, claim 1 now is in condition for allowance.

Claims 15-27 were previously allowed.

1. The following is an examiner's statement of reasons for allowance: as to independent claims 1 and 23, the closest prior art of Besson alone or in combination with other prior art fails to teach or fairly suggest the claimed invention as recited in independent claims 1 and 23. In particular the key distinction between the closest prior art of Besson and the instant claimed invention is that the closest prior art does not rely upon determining the total scatter profile for the object using the single scatter profile and an adjustment factor by multiplying the single scatter profile by the adjustment factor, in combination with other elements of independent claims 1 and 23.

As to independent claim 15, the closest prior art of Besson alone or in combination with other prior art fails to teach or fairly suggest the system as recited in independent claim 15. In particular the key distinction between the closest prior art and the instant claimed invention is that the closest prior art does not rely upon calculating a single scatter profile for the object using the voxelized representation of the 3-D image of the object; determining the total scatter profile for the object using the single scatter profile and an adjustment factor and correcting at least one of the projection data as 3-D image using the total scatter profile to obtain, respectively, at least one of a scatter

corrected projection data and a scatter corrected 3-D image, in combination with other elements of independent claim 15.

Accordingly, claims 1-2, 4, 6-11, 15-27 are allowed (renumbered as claims 1-22).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
